

TANTIA UNIVERSITY

EXCELLENCE, INNOVATION, ACHIEVEMENT

(Established By Act No. 32 of 2013 & U/s 2(f) of UGC Act 1956)

Education Plays A Vital Role
in Fostering **EXCELLENCE**,
INNOVATION And
ACHIEVEMENT

FOUNDER

Dr. S. S. Tania

20/08/1955 - Forever
(Tantia Group of Hospitals & Institutes)

Our Inspiration

Dr. S. S. Tania

20/08/1955 - Forever

(Founder: Tania Group of Hospitals & Institutes)

TO FULFILL THE VISION
OF OUR FOUNDER
WE COMMIT OURSELVES
TO EMPOWER THE NATION
THROUGH EDUCATION
AND HEALTH

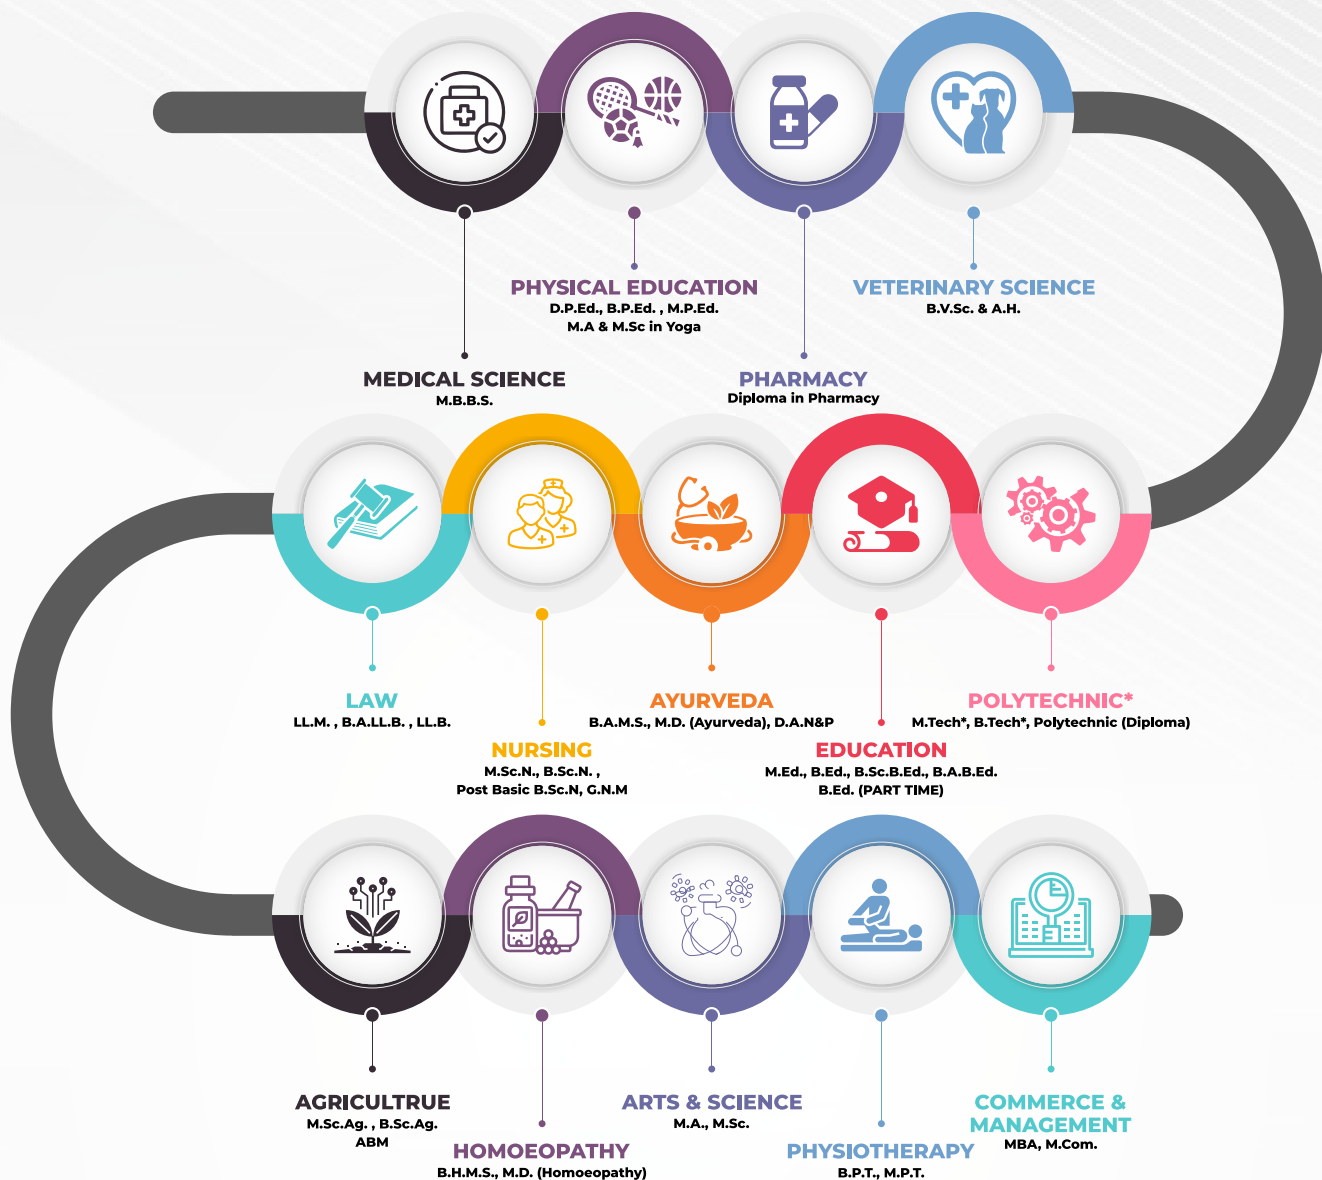

Dr. Shyam Sunder Tania was a great visionary and philanthropist having a charismatic personality who believed in “Simple living and High thinking”. He possessed profound wisdom and nobility that always stood the test of time. Modest, Pleasant and Endearing are a few adjectives that best describe him.

Dr. Shyam Sunder Tania, always embraced people from all walks of life with open arms. He was a living example of what an ordinary man, fueled by enterprise and driven by determination, can achieve in his lifetime. A maestro in his field, he was endowed with a kind heart and was concerned for the underprivileged sections of the society.

We are fortunate enough to have had a man of excellence, Dr. Shyam Sunder Tania, as our mentor and a guardian spirit. His sterling leadership qualities, remarkable foresight, and pursuit of excellence and humanity will continue to guide and inspire future generations at Tania University forever...

“TO ACHIEVE THE VISION OF OUR FOUNDER, WE COMMIT OURSELVES TO EMPOWER THE NATION THROUGH EDUCATION AND HEALTH”

OUR FACULTIES

APPROVALS & ACCREDITATIONS

WHY TANTIA UNIVERSITY

Better learning and Research Environment

- Highly qualified professionals and latest teaching methodologies provide the ideal learning environment to students.

Leadership and Personality Development

- Students from across the globe sitting under one roof, helps them acquire knowledge, new skills, adapt to new behaviors and attitudes leading to personal and professional growth.
- Intellectual challenges that University provides may increase their sense of reasoning and decision making capacity and thus broadening and deepening the knowledge in line with one's individual long term personal and professional goals.

Make Your
Dream
Come True

Mrs. Sunita Tania

Chairperson
J.R. Tania Chairtable Trust

CHAIRPERSON'S MESSAGE

Our beloved Founder, Dr. S.S. Tania, was committed to serve the mankind through Health and Educational Services. We, at Tania Group, have inherited his passion and are following his footprints and visualizing his vision to render our services to the society. He has been an Inspirational Leader and a Mentor to us. We know that his contribution to the good of mankind is far from finished. We, at Tania Group, remain committed and focused to his vision, as it charts the path to a successful future.

The Growing status and presence of Tania University at National and International level is because of tireless efforts of our team past many years. We are committed to maintain high academic standards whilst preparing students to secure rewarding employment upon graduation.

We, at Tania University, not only offer the most comprehensive range of professionally run courses, but also aim to provide the best, most fulfilling learning experience. On turning the pages of this brochure, you will get a fresh and latest updates on courses being offered at Tania University and an overview of the vast opportunities available along with the details of Institutes and of Programs.

We believe in the quote by Albert Einstein,

“I never teach my pupils; I only provide the conditions in which they can learn.”

Prof. (Dr.) M.M. Saxena

President
Tantia University

PRESIDENT'S MESSAGE

Tantia University. The First and pioneering university in the North Rajasthan, instituted by the Act of the State Government in the year 2013, has marched a long journey with clarity of vision and goals set to be archived. I am happy to place on record that the university has archived its targets beyond set limits.

Having taken over the charge of the office of the President (Vice Chancellor) in year 2016, I had framed certain plans and shared the same with the faculty, university administration and the management. My main thrust has been towards augmenting and mobilizing resources, including the human resources, for raising the academic standards and accelerating development of the university in different fields. I am more that happy for and thankful to whole university team for its fullest support for this cause of excellence.

Among other things, I realized that the students faced problems in seeking employment and admission elsewhere for the want of degrees. With this in our prime view. the First Convocation of the University was organized in April 2019 during which 1068 pass out candidates up to year 2018, and Ph.Ds. up to March 2019 were awarded degrees. Seventy one Gold Medalists and 91 Ph.D. degree holders were honored on the occasion by the guests from Nepal Prof. Dr. R.K.M. Shrestha, Vice Chancellor and Prof. Dr. Subodh Sharma, Registrar, Kathmandu University.

Towards academic advancement, it is worth mentioning that the university has successfully introduced Post-Graduate and Research programmes in its all faculties, duly approved by different regulating agencies wherever applicable. The university has signed MOUs with other universities and academic institutions to have cooperation and exchange of ideas for mutual growth.

Creating a right research environment is yet another priority. I am happy to note that the University is seriously executing its research program as per the provisions of the University Grants Commission to the effect. In order to stimulate the academic environment and to keep the faculty and students abreast with the advances in various spheres of knowledge, the University has been organizing a number of national conferences / seminars and many more are planned in near future.

On curricular aspect, respective Boards of Studies have updates their syllabi in the light of present and future needs. placements of the passing out students have been encouraging and more efforts are planned on this front. Special arrangements are also being focused on co-curricular and extra curricular activities including the sports events. As a part of social commitment, good number of scholarships is granted to deserving cases.

I welcome the students and researchers to this vibrant campus of learning to shape their future.

National Cadet Corps

IMPORTANCE OF NATIONAL CADET CORPS - NCC & BENEFITS OF NCC CERTIFICATIONS

NCC stands for National Cadet Corps, a training program. It is open to the students of schools and colleges. It's a voluntary program and any student can join it. This program teaches students to follow a disciplined life. It's a Tri-Services Organisation engaged in grooming the youth in India to become patriotic citizens. NCC training offers many benefits to the trainees. After attending a minimum of 75% of NCC training, the students get a certificate according to their level. These certificates help the students in their careers. There are many benefits to these certificates, but not many people know about them.

What is NCC?

NCC is the Indian military cadet corps wing of the Indian armed forces. It offers training to the students of schools and colleges. This is not compulsory training for all students. The duration of this training program is 3 years. During the training, candidates get the basic military training. This training is conducted to develop the interest of young students in all three forces; the army, the navy and the air force of India. NCC offers the platform to the students so that they could check their abilities to join the Indian Defence Services. That's why one of the benefits of the NCC certificate is that the candidate gets some relaxation during army selection. According to the National Cadet Corps, the main aim is to create an organized, trained and motivated youth. With this aim, not only creates soldiers for the nation but it also develops the leadership skills in the youth.

How to Join NCC?

Any Indian student either girl or boy can join NCC. There are two wings; The Junior wing and the senior wing. Here are the details to join the junior and senior wing.

Junior Wing: The minimum age to join the junior wing is 13 years. The enrolment period for the training of junior wing is 2 year. To join the candidate needs to contact the headmaster or principal of his/her school. If the school of the candidate is not having NCC training facility then the student can contact Commanding Officer of the nearest NCC Unit for further guidance.

Senior Wing: To join the senior wing the candidate's age should be up to 26 years. The enrolment period for this training is 3 years. To join senior wing students need to follow the same process as mentioned above. Joining NCC is an easy process. The authorities also want the youngster to be a part of this organization. cadets get various benefits from joining it that positively change their personality and prepare them for defence services.
